JOHN "JACK" DRINWATER

The Town of Rutland is extremely proud to dedicate this years Town Report to John "Jack" Drinwater, our former Fire Chief of 20 years. Jack was a charter member of the department since it was created in 1967. He rose in the ranks from a fireman, to two years as a senior firefighter, two years as lieutenant and then to Fire Chief. After serving 15 years as Chief he reached the pinnacle in his career by being named the Fire Chief of the year in 1987 by the Vermont State Firefighters Association. In addition to all of the above, Jack held various County and State positions in the firefighting field.

His quiet and modest leadership through the years has made the Rutland Town Fire Department one of the best in the State.

He retired as Chief in 1991, but after 25 years he missed the department so much he rejoined as a regular firemen where he is using his many years of experience to aid the younger men to further their knowledge to become good firemen.

We welcome Jack back "into the ranks" and hope he will be with the department for many more years.

Jack and his wife Annette live on Chasanna Drive, have two married children and soon will be grandparents to their third grandchild. He has been employed by the John A. Russell Construction Co. for 21 years.

We wish to thank you Jack for the dedicated years you have given to your Town. Good luck in the future.

AUDITORS' REPORT

To The Honorable Board of Selectmen:

In compliance with Sub-Chapter 5, Chapter 51, Title 24, Vermont Statutes Annotated, we have, to the best of our abilities, examined the records and accounts of the Town's General Fund and associated funds as of December 31, 1992.

In our opinion, the accompanying financial statements present fairly the financial position of the Town at December 31, 1992, and the results of their operations, and changes in their financial position for the year then ended.

As auditors, we have reviewed the accounting controls of the Town Treasurer's Office and have utilized accepted auditing procedures as provided by the State of Vermont.

We especially thank the Town Treasurer for his cooperation and support in assisting us in the examination of the Town records.

Respectfully Submitted,
BOARD OF AUDITORS

TOWN OF RUTLAND BOARD OF SELECTMEN

The attempted "Merger of '92" has come and gone. A lot of money and energy was expended. Rutland Town survived the "war". A position taken at that time by your Selectmen still stands today.

Several months ago, the School Board asked the Board of Selectmen to explore the possibility of connecting a municipal sewer line from the School to an approved connection in the City. The reason for this is that their present system is on the verge of failure, and having explored a replacement area, it has been determined that that would be too costly an operation. The Selectmen have put this project on the fast track and have had meetings with the State, the consulting engineering firm of Dufresne-Henry, and other officials and have put together a bond vote for your consideration this year. We hope that this project will be completed within the 1993 construction season if approved by the voters.

As you all probably know by now, our landfill will be closing October 8, 1993. We worked diligently to obtain an extension order to that date and it was approved by the Agency of Natural Resources this past fall. This means that we will be designing and planning for a transfer station to be constructed at the same site as the landfill in the near future. In the process of doing this, we will also be re-evaluating our recycling program and looking for ways to enhance this also. We are exploring the possibility of a Construction and Demolition Debris landfill adjacent to the present landfill site and we will be contacting you about public hearings to receive your input in regard to this project. So, as you can see, the Landfill business will be a "busy" business this year!

The Town Planning Commission has worked to complete the Town Plan. They have held two (2) public hearings and are about to turn their documents over to the Selectmen for our consideration. When we receive these documents, we will be conducting our own hearings to receive your input at our level so that we may adopt the new plan. They are also working closely with the Regional Planning Commission to complete our Town Zoning document. They hope to complete work on this within

the next year so that we may put it to the townspeople for their consideration.

Another issue that is important to the Town is the exploration for water. As you know by news releases, we have found a substantial water supply. We are presently pursuing the purchase of lands and getting quality tests completed so we can make a decision as to the future of water in the Town. We are also negotiating with the City to extend the water agreements we have had in the past.

As in any situation in life, the world is full of compromise. In order to be a good neighbor, we all have to get along with each other. We have all heard plenty of words to this effect but sometimes, in practice, we lose sight of getting along. We all have to do what is best for Rutland Town and also what is best for the area. We all depend on one another. Each community has to give a little to get harmony. This is not to be confused with being "soft". We cannot stand alone ... we cannot be totally independent. Your Selectmen meet every other Monday at the Town Offices at 7:00 PM in Center Rutland. We welcome your participation at our meetings. We are your elected officials and are here to serve in your best interest.

Respectfully submitted,

BOARD OF SELECTMEN

AUDITOR'S REPORT

To The Honorable Board of School Directors:

In compliance with Sub-Chapter 5, Chapter 51, Title 24, Vermont Statutes Annotated, we have examined, to the extent of our abilities, the records and accounts of the Rutland Town School District as of June 30, 1992

In our opinion, the accompanying Financial Statements present fairly the financial position of the School District as of June 30, 1992, and the results of their operations, and changes in their financial position for the year then ended.

As auditors, we have examined and tested such areas as cash, receipts, disbursements, investments, school petty case and athletic fund accounts, and have verified figures on the accompanying financial statements. We have sent copies of our management letter stating any weaknesses there may be to the Town Treasurer and the Board of School Directors.

We thank the Town Treasurer and others connected with the Rutland Town School District for their cooperation and support in assisting us in this year's examination of the School records.

Respectfully submitted,

SCHOOL BOARD REPORT

The year 1992 witnessed numerous changes and new beginnings for students and personnel at the Rutland Town School. Mark Genovesi completed his first full year as our school's principal, beginning to implement many of his own administrative and educational policies. During 1992, our teachers agreed to a new three (3) year contract which will provide stability and certainty for the teachers and the students attending our elementary school.

In the spring of 1992, Superintendent Paul Tracy announced that he was resigning his position to take over as principal of the Lothrop School in Pittsford. Mr. Tracy's successor, James "Jack" Cioffi joined the Rutland Central Supervisory Union in October of 1992 and has been working not only with Rutland Town; but also with Proctor and West Rutland in an effort to continue and expand upon the progress which has been made over the past several years.

Within our own school, we are pleased to report that Karen Prescott, an experienced and respected teacher within our system, has taken over the newly created position of assistant principal. We are also very pleased that Mrs. Sue Roberts and Mrs. Linda Mullen have joined our staff as full time teachers. Mr. Dan Graves has taken over as the music instructor following the retirement of Mrs. Margaret Curtis. Margaret's dedication and service to the Town of Rutland will be missed; however, we feel very confident that Mr. Graves will continue with the strong music traditions at our school.

On a sadder note, during 1992, a longtime member of our cafeteria staff, Mrs. Marion Horton, passed away. Our sympathies go out to her family and friends. Mrs. Dorothy Sharp, also a member of our cafeteria staff, retired in 1992 following many years of valued service.

Although we feel that there were many positive steps taken during 1992 to improve the education of our children, 1993 promises additional challenges. From the standpoint of the physical plant, there are increasing demands on space given the rise in student population. The board, administration, teachers and staff of the school are currently exploring several alternatives ranging from the use of mobile classrooms to the possibility of tuitioning our junior high school students as a means to address the potential overcrowding. In addition, the septic system at the school is at

virtual capacity and is beginning to show signs of the stresses which are placed on the system. The School Board has been working with the Board of Selectmen and it is anticipated that the Selectmen will be presenting a comprehensive plan to address this situation in the very near future.

In the area of budget and finances, our Board has made every effort to strike the very difficult balance of making sure that our students have the proper tools and facilities needed to maintain a high quality of education while at the same time not overburdening the taxpayers in the Town of Rutland. In this regard, we are very pleased to announce the beginning of what we have called "Student-Community Partnership" which will allow and encourage direct financial contributions from Rutland Town businesses and citizens to be used to improve the technological education of our students. In this area of attempting to improve and expand on the curriculum, the Board is also looking towards the possibility of a pre-kindergarten program for our younger preschool age children.

Finally, with respect to our high school students, the Board is continuously looking at all avenues to enhance the quality of their education. Specifically, in 1992 concerned parents and citizens of Rutland Town volunteered to serve as advisory board members to those schools which receive our tuitioned students. Our goal is to improve communications with these other schools as well as have an opportunity to voice opinions and concerns in the educational process of our older children.

The School Board continues to meet on the second and fourth Tuesday of each month at the School Library and Town Hall respectively. We welcome any input from the citizens of Rutland Town and we look forward to a successful year in 1993.

INDEPENDENT AUDITOR'S REPORT

To the Board of School Directors
Town of Rutland, Vermont School District
Center Rutland, Vermont

We have audited the accompanying general purpose financial statements of the Town of Rutland, Vermont School District as of June 30, 1992, and for the year then ended. These general purpose financial statements are the responsibility of the Town of Rutland, Vermont School District management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effects, if any, of the matter discussed in paragraph three, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Rutland, Vermont School District as of June 30, 1992 and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended, in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements as listed in the table of contents as Schedules 1 to 6 are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Rutland, Vermont School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, such information is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

RUTLAND CENTRAL SUPERVISORY UNION Annual Report for 1991/92 School Year

Increasing academic standards and expectations for all students continues to be the highest priority for the Rutland Central Supervisory Union. Proctor, Rutland Town and West Rutland Schools Boards, administrators, teaching and support staff members continued to work cooperatively throughout the 1991/92 school year to achieve this goal.

During the first part of the school year several curriculum initiatives, started the previous year, were continued in the areas of Mathematics, Science, Writing and Social Studies. The Science curriculum committee met during the summer to develop a model that will assist teachers in implementing the required units in grades K through 6. Several new units were developed as part of the inservice workshops.

The results of our mathematics and writing assessments continue to reflect an upward trend in student achievement, due in great part to the past efforts of our writing and mathematics committees. These results were shared with each community at the School Report Day held in each district.

In October 1992, James J. Cioffi assumed the responsibilities of Superintendent of Schools, replacing Paul Tracy who had served as Superintendent for four years. Cioffi's initial efforts have been to learn about the values, operations and priorities in each of the districts from their many shareholders. A long range planning process is under development that will address the instructional programs, student services, partnership programs, personnel services and resource management. Parents and community members will be asked to play an active role as these plans evolve for each school in the Supervisory Union.

With the support of the communities of Proctor, Rutland Town and West Rutland, and through their cooperative efforts, we will seek to optimize the use of limited financial and physical resources to ensure educational excellence and equity. The mission of the Rutland Central Supervisory Union will be to develop learners who can successfully shape their future by providing educational programs that are personalized for each student through outcomes - based learning, the use of technology and interdisciplinary approaches to curriculum development.

As you review the Supervisory Union budget for 1993/94, please be aware that it is still tentative and has not received final approval from the Supervisory Union Board. The other major change reflected in this budget (and the budgets of Proctor, Rutland Town and West Rutland) is a change in the assessment for the services provided by the Supervisory Union staff. In the past, the three schools have been assessed equally, with each paying approximately 33 1/3% of these costs. Beginning with the 1993/94 budget, this assessment will be done on the basis of the number of full-time teaching equivalent (FTE) employed by each district.

The Superintendent of Schools encourages you to call 775-4342 if you have questions about curriculum, budget, special education or any other educational issue. We can best serve the needs of all the students by the sharing of ideas, talents and resources that can be found in each school district.

Business Manager's Report

The main goal for the 91/92 school year for the business office has been to maintain the highest level of efficiency and accuracy possible while remaining within budget constraints. I am pleased to say that we have accomplished our goal. The Supervisory Union ended the year with a positive cash balance. The towns within the district operated under very tight budgets. This was the result of the collaborative efforts of the School Boards, Town Treasurers, administrators and staff. Efforts to reduce waste and improve cost efficiency are only achieved when all parties are involved on an ongoing basis.

Rutland Town Report 1992

The 91/92 year was marked by a loss. Our friend and coworker, Pauline Emmons,

lost her long battle with cancer. We all miss her. Doreen Owens has come on board to replace Pauline. She is a fine addition to the staff.

Student Educational Services

The past school year has been an exciting and challenging one for the schools in the Rutland Central Supervisory Union. We are in the third year of the implementation of the mandates put forth in Act 230 and there have been many successes toward meeting the needs of all our students. The Instructional Support Teams have worked diligently, often giving of their own time to serve all students and as a result have become recognized both in the State of Vermont and Nationally. The West Rutland Instructional Support Team for the high school was asked to participate in the Northeast Regional Conference in Portland. They were the only team representing Vermont.

The Rutland Central Supervisory Union was recently awarded the prestigious Robert Wood Johnson - New Directions Grant from the Vermont Department of Mental Health. The grant, \$100,000 the first year, is to be used to serve children who are experiencing social, behavioral or emotional difficulties. Three new staff positions are funded through the grant and are currently serving 60 students and their families. The positions consist of a homeschool coordinator to provide school family liaison, a school psychologist to provide student group and/or family counseling and support and a paraprofessional staff person to provide community experiences and in-class supports. The home school coordinator and psychologist will be working with our parents, guidance counselors and faculties in parenting skills, conflict resolution, social skill training and self esteem building. Anyone wishing additional information regarding the services of the Robert Wood Johnson grant should contact Jean C. Cotroneo at 775-7319.

In January of 1992, the Rutland Central Supervisory Union was chosen as one of five Pilot Districts in the State of Vermont to participate in the Act 104 Grant. This grant allows us to serve all children, including special needs to gifted talented who may be at risk - academically, social or emotionally - without labeling or referring to special education. Services to children can be immediate, reducing the need for time spent in paperwork and increasing the time that teachers may work with the students. Additionally, the 104 Grant has provided considerable funds for staff development and each of the schools have been actively involved in many training activities. Parents have also been invited to participate.

Respectfully submitted,

James J. Cioffi, Superintendent of Schools
Katherine Bryant, Business Manager
Jean C. Cotroneo, Director of Student
Educational Services

My sincerest thank you to the Officers and Firemen for all they have done for their Town over the years. To the Ladies Auxliary, we most appreciate all you do for the fire department, and for being there when we need you.

Over the past year the Town Fire Department as well as many of our surrounding Towns have gone to the Vermont State Police on McKinley Avenue for professional dispatching services. We now have excellent radio communications as well as saving the taxpayers thousands of dollars.

During this past year the fire department has also replaced the 25 year old pickup in Center Rutland station and upgraded McKinley station's "Engine 1" with a new cab and chassis.

The Rutland Town Fire Department would like to thank each and every resident of the Town of Rutland for their support. If any town resident wishes to stop by on Wednesday evenings at either station to view your fire department, or to join your fire department, please feel free to stop by.

Thank you!!

Sincerely,
TIMOTHY PERRY, Chief
Rutland Town Fire Department

CEMETERY COMMISSIONERS

Byron R Hathaway, Rachel Williams, George J Livak

**CHENEY HILL CEMETERY ASSOCIATION
Annual Report**

The following officers were elected at the annual meeting:

President - Byron R. Hathaway
Vice President - Rachel Williams
Secretary - George J. Livak.

Many thanks to Rachael Williams for the good job of mowing and grounds maintenance at the Cheney Hill Cemetery. Tony Flory, likewise, did a good job of taking care of the old cemetery in Center Rutland.

A new hand pump was installed at Cheney Hill on the underground tank. This makes water available for use during warm weather months.

There were two (2) burials this year. There were thirteen (13) lots sold this year. This brings the perpetual account principal to \$27,775.00. See Town Treasurer's Report for financial statement.

Burial lots are still \$150 each. For more information to purchase a lot in the cemetery, contact Byron R. Hathaway at 775-2624.

Respectfully submitted,

Byron R. Hathaway, President
Rachael Williams, Vice-President
George J. Livak, Secretary

RECREATION COMMISSION REPORT

Recreation has been steadily growing in the Town of Rutland for the past few years - we hope to continue the progress in the upcoming years. We are still analyzing data gained from the survey sheets that residents were asked to fill out during the March election and throughout our summer programs.

This year, for the first time, the Recreation Commission has taken over the basketball program which was formerly run by a group of volunteers. The Recreation Commission would like to thank all of these volunteers for their past service and also for all of the help they have provided to us in getting started.

The Commission is also looking into the possibility of an ice skating rink to be located in the Town similar to the one that the Town of Proctor runs. There is a great deal of work involved in starting such a program and much more in maintaining it, especially with trying to keep costs down. Any one with any ideas or who wishes to be a part of the planning process is urged to contact the Recreation Commission.

The Recreation Commission has also reached an agreement with the Rutland Town School Board to utilize the vacant field on their property at Northwood to repair it for use as a baseball and soccer field. While this field will not be ready for use this spring as we had hoped, we have budgeted money to begin the project and hope that it will be ready next year.

In response to many citizens who have requested that the pool be open more often, the Recreation Commission has decided to open Northwood Pool at 11:00 AM every Saturday and Sunday. We do hope that the weather cooperates this summer to make this worthwhile.

The Recreation Commission as well as the entire Town of Rutland owes a great deal of thanks to its many citizens who give up their time to volunteer to coach children in both our baseball and soccer programs. Both of these very worthwhile programs offer all children in the Town of Rutland an opportunity not only to learn these sports, but also to be a part of a team, and have an enjoyable time.

It is the policy of the Rutland Town Recreation Commission that all children, regardless of ability, be allowed to participate fully and equally in all of our programs. Violations of this should be reported to the Recreation Commission.

Cooperation between the Rutland Town School and the Recreation Commission has also been steadily increasing. I believe that both groups have a sincere desire to make sure that all of our children have the opportunity to participate in a wide variety of recreational activities based on the resources currently available. We would like to sincerely thank principal Mark Genovesi and the Rutland Town School Board.

Once again, we would like to thank everyone who has helped to better recreation in the Town of Rutland and we offer all citizens the opportunity to address the Recreation Commission at any time with any problems or suggestions you may have.

Respectfully submitted,
Karen Bossi, Chairperson
Rutland Town Recreation Commission

**RUTLAND FREE LIBRARY ASSOCIATION, INC.
Annual Report, 1991-92**

A public library is only healthy and valuable if it is used by its community and likewise, the vitality of a community can be measured by the use of its libraries. This symbiotic relationship is at the heart of what it means to be a public service agency, and it is the heavy use of the Rutland Free Library that bodes well for the community at large. While the rest of the nation's libraries are pointing to record increases of 6% the increase in business at Rutland Free Library was a whopping 14%. This occurred with no increase in population. Why, then, is Rutland bounding ahead? There are three reasons that account for a good part of this phenomenal growth.

First, consistent financial support from Rutland City, Rutland Town and Mendon means that careful planning can keep the library on track during tough times. A full 70% of the library's operating, program and book funds come from taxes in these three supportive communities. Without such backing the library would not begin to be able to be open 61 hours a week, staffed with professional and seasoned staff, nor offer the deep book collection and wide program selections it does.

Second, a strong commitment to improving services on the part of the staff, the Board of Trustees and Friends of the Library continued to thrust the library forward. This past year we added a health information program of free pamphlets in cooperation with the Rutland Regional Medical Center, finished our five year plan, began refining our outreach towards the physically challenged, offered 187 library programs plus space for an additional 225 community sponsored programs for 11,645 people, and installed a computerized information searching service for magazine and newspaper articles. We also co-sponsored special events with the Chaffee, the arts consortium, the city's Recreation Department, the Italian Aid Society, the Vermont Symphony, and the Rutland Historical Society.

Third, community pride in the region's largest (plus the state's busiest) library and a sense of personal ownership have contributed in significant ways to the operation and activities of the library. Over 44 volunteers have given the equivalent of a year and a quarter of fulltime work; we have received furniture and professional signage from local institutions; and, in the midst of this recession the trustees and Friends of the Library were able to raise \$74,139 of local money towards the final cost of \$171,394 (the balance was attained through grants, a city gift, and federal funding) for computerizing the library and installing a book theft protection system.

In the coming year a completely integrated automation system will be installed in phases, permitting library users to see all the library's holdings on a topic without having to know the right word, allowing users to see the holdings of UVM, Middlebury College, the state colleges and the state library with one keystroke making it possible for readers to place a hold on needed material and query the system (with personal codes) to see what they still have checked out. Beyond that initial phase the library has plans to offer dial-up capability to home computers along with connections to CD-ROM information products which provide twice the information in half the time. A theft detection system will also be installed this coming year to ensure that books belonging to the whole community stay with the whole community.

The partnership of individuals, governments, businesses and boards has enabled the Rutland Free Library to be what all libraries strive for—vital and viable.

**RUTLAND REGIONAL PLANNING COMMISSION
Annual Report—1992**

The regional Planning Commission's Mission is:

A. To provide leadership and technical expertise to encourage cooperative planning with and among the region's communities and areawide interests; and,

B. To strive to improve the quality of life for people in the region by promoting harmony between sustainable economic development, environmental interests and other planning issues.

During the past year the Commission, in pursuit of implementing that Mission, continued to work closely with regional communities to create a cooperative and positive planning process and:

- has emphasized helping communities prepare local plans that meet the needs of the community working particularly with Brandon, Wallingford, and West Haven; also worked with Shrewsbury, and Mt. Holly. Rutland Town and Poultney were helped with zoning and regulations;
- continued to work on the update of the GENERAL PLAN: RUTLAND REGION with regional meetings on historic preservation and agriculture;
- prepared and/or distributed copies of the State's Planning Newsletter, the Regional Commission's Data Brief and Newsletters on Solid Waste Planning activities;
- continued our very successful cooperative purchasing program for fuels that has saved Hubbardton, Ira, Clarendon, Middletown Springs, Pawlet, Sherburne, Shrewsbury, Tinmouth, Wallingford, and "the Bus" and other nonprofits and school districts substantial amounts on their fuel oil, diesel and gasoline purchases;
- worked with 14 communities to help them devise strategies for dealing with their solid waste including siting of a construction and demolition landfill;
- expanded our information resources and computer assistance to give you the data needed to make informed decisions on local planning and management issues;
- dramatically expanded our geographic information system; prepared maps identifying issues to be considered in growth management for West Haven, Brandon, Poultney, and Wallingford.

Please join us as we continue these and other efforts to generate regional cooperation and make planning in Rutland County a truly grassroots process.

TOWN OF RUTLAND PLANNING COMMISSION

The town planning commission spent a great deal of time in 1992 preparing a new Town Plan. The commission completed work on the revised town plan in early January 1993 and will soon send the town plan to the Board of Selectmen for their consideration.

The planning commission with the assistance of planning consultant, Linda Bentley and Dean Pierce, drafted a town plan which reflects the goals, plans and desires of the townspeople, which were solicited in a 1991 planning survey. The planning commission also received input from the public through several public hearings held in 1992.

In addition to work on the proposed town plan the commission reviewed a total of 8 subdivisions in 1992. The 8 subdivisions created a total of 11 residential building lots.

The town planning commission also began work on zoning regulations in 1992. The planning commission has received a \$7,500 planning grant from the State of Vermont, which will cover the majority of the cost of developing the zoning regulations.

The town planning commission has contracted with the Rutland Regional Planning Commission to assist the town planning commission write the proposed zoning regulations. The proposed zoning regulations will implement the goals and desires contained in the town plan.

Of all the town residents who responded to the 1991 planning survey 77.1% said the Town of Rutland should adopt zoning regulations.

I would like to express my gratitude to my fellow commissioners for their dedication and sincere interest in town planning matters. Specifically, I would like to thank: Anthony Belock, Richard Hoenes Sr., Mary Ashcroft, J. Barry Burke, George Livak, Christopher Oakman, William Corey and Robert Wilson.

Rutland Town Report 1992

I encourage all interested townspeople to attend planning commission meetings which are held the first and third Thursdays of every month. The planning commission meets in the Town Municipal Building in Center Rutland. Your comments would be appreciated.

Respectfully Submitted,

Charles Brothers, Chairman
Town of Rutland

RUTLAND AREA VISITING NURSE ASSOCIATION, INC.
Annual Report
1991 - 1992

To: Citizens of Rutland Town

On behalf of the Board of Directors and staff of the Rutland Area Visiting Nurse Association, I am pleased to present our annual report to the citizens of Rutland Town.

The Rutland Area Visiting Nurse Association is committed to offering needed home care services regardless of individual ability to pay. RAVNA could not provide services to all people in need without your continued support.

The following services were provided to your town during: 1991 - 1992

UNDULICATED PATIENTS - 52

Skilled Nursing Care - 901 visits
Home Health Aide - 1262 visits
Medical Social Worker - 2 visits
Physical Therapy - 172 visits
Occupational Therapy - 1 visit
Speech Therapy - 0 visits
Homemaker - 50 visits
Clinic Service - 0 visits
Prenatal Couples Served - 1

Our Agency is continuing to explore new initiatives and opportunities which will enhance the services we offer to the area's elderly and young alike. The issues of long term care are becoming increasingly critical. Our challenge has been, and will continue to be, that of meeting people's needs with consistent high quality programs that are both comprehensive and cost-effective.

Finally, it was with heart felt gratitude and respect that we said goodbye to our retiring Director, Evelyn Doyle. Evelyn will be missed by all who had the pleasure of working with her.

If you or your family would like more information on RAVNA Home Care services call 775-0568 or 800-244-0568. Thank you again for your continued support.

To the Residents of Rutland Town:

Again, Rutland Mental Health Services is being presented with a dramatic increase in serious mental health problems. Of particular note are children who are at risk within their families and persons in need of treatment for substance abuse.

Because funding has not increased with demand, we are prioritizing persons that appear to be most at risk. Thus, your support becomes even more important and Rutland Mental Health Services stretches its resources to meet the priorities and increasing demands by a higher risk group of Rutland County citizens.

The fees we collect for these services generate only a portion of the actual cost. The remainder must come from State, Federal, and local funds, such as United Way and Town Giving. Your support in the past has been greatly appreciated. We are asking for level funding.

Rutland Mental Health Services offers various support groups and educational programs for individuals and health providers in Rutland County; plus psycho-educational assessments and family interviews in order to help develop the most appropriate educational plan for students with learning/behavioral difficulties, who are referred by your school.

The Evergreen Center for Alcohol and Other Drug Services, our substance abuse program, continues to expand to better address the growing need for drug and alcohol treatment.

The Associates in Child and Family Services, our affiliate, 65 Grove Street in Rutland, has provided services to children, adolescents, parents, couples and individual counseling.

The following reflects specifics as to services to your community:

RETIRED SENIOR VOLUNTEER PROGRAM
71B Williams Street, Rutland, Vermont 05701
(802) 775-8220

Dear Residents of the Town of Rutland

The Retired Senior Volunteer Program is a nationwide program for people 60 and older who want to help meet community needs through meaningful use of their skills and knowledge in volunteer service to non-profit organizations.

RSVP is especially proud that in 1993 we will mark our 20th year of providing services to residents of Rutland County through these organizations.

Last year, 410 RSVP volunteers throughout Rutland County contributed over 61,037 hours of service to more than 85 not for profit organizations.

Currently there are 27 active RSVP volunteers from Rutland who donate their time to the following organizations: American Cancer Society, American Red Cross, Arts in Process, BROCC, Eden Park Nursing Home, McKerley Health Center, National Council Senior Citizens, Pleasant Manor, One-2-One Program, RSVP, Rutland Central Super. Union EEE Program, Rutland Free Library, Rutland Regional Medical Center, Rutland Senior Chorus, Rutland Senior Center, Rutland Town Elementary School, Tax Counseling for the Elderly, Vermont Achievement Center, Vermont Girl Scout Council, Vermont Department of Health. Their combined hours of service totaled 4006 in 1991.

We thank the voters of the Town of Rutland for the support that has been shown RSVP over the years and we pledge our continued efforts to be of service to you. If you are a senior citizen with some time to give, please call RSVP and let us show you how you can make a valuable contribution to your town. Call 775-8220 for more information. Thank you.

Sincerely,

Anne P. Rowe, Director

**REGIONAL AMBULANCE SERVICE, INC.
ANNUAL REPORT
(Fiscal Year Ending June 30, 1992)**

To the Honorable Citizens of the Town of Rutland, VT:

We are pleased to present our annual report to the Citizens of the Town of Rutland. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service since 1983. During our ninth year, ending June 30, 1992, the service responded to a total of 4,321 ambulance calls and an additional 1660 paramedic intercept calls in our 12 communities. Regional Ambulance Service, Inc. is the largest ambulance service in the state of Vermont.

With the continued support of the citizens, our employees and community governing bodies, we were again able to provide our eighth consecutive year of service using the same assessment rate without change. We extend our appreciation to everyone for their support.

Pride, Proficiency, and Professionalism are standards our staff has continuously demonstrated. The Paramedic program has grown and developed into a very stable and reliable program. We now have 6 full time and 7 part time Paramedics on staff. The ongoing advanced life support training keeps our staff updated on current emergency pre-hospital treatment. Our professional staff is extremely capable and dedicated and we commend them for living up to and exceeding the required standards.

Our Building is staffed 24 hours a day to allow for immediate response. In addition to medical duties and training the staff maintains our building, grounds and equipment for a considerable savings.

During the year an older ambulance box was remounted on a new chassis, pictured above, and a new Live Pak 10 Defibrillator purchased.

The public is encouraged to visit and talk to the employees and administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your representative, Mary Keirstead, if you have any question concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc., will continue striving to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Sincerely:

Amelia Taylor, President
Board of Directors

Mary Keirstead

ASSOCIATION FOR RETARDED CITIZENS
128 Merchants Row, Rutland, Vermont 05701
(802) 775-1370

The Association for Retarded Citizens - Rutland County, "ARC" is a non-profit advocacy organization dedicated to helping people with developmental disabilities. The function of ARC is to ensure that all persons with developmental disabilities have the opportunity to participate and live a fulfilling independent life in the community.

The services and programs that ARC offers are: Representative Payee - Budgeting and paying bills; Income Tax - Accounting of taxes and refunds.

Educational Programs: a. Finding placement in apartments and community care homes; b. Food - Take shopping and educate on nutrition; c. Clothes - Take shopping for proper clothes and sizes - everyone feels they are a small; d. Daily living needs - to teach and assist in goal for independent living.

Guardianship - Guardian for many elderly in nursing homes and community care homes. Totally responsible for medical, financial and living needs.; Guardian ad Litem - I investigate the situation and represent that person in court to see that their needs are met; Crisis Help - Assisting in times of trouble; Recreation - Arranging monthly dances, dinners, Christmas parties and bowling; Advocacy - Counseling - Providing instructional help; Guidance - Helping with their problems, using our services and other agencies to establish goals to leading a productive life; Investigational - Interaction - To investigate alleged abuse and neglect. Work with other agencies i.e., Rutland Mental Health, Social Services, Social Security, Hospitals, Vermont Achievement Center, Welfare, schools, organizations and professionals.

In summation, our agency is not federally or state funded and without the help of United Way and the people of Rutland County, we would not be able to continue assisting the developmentally disabled.

We are representative payee for over 100 people in Rutland County. We represent many people and their families in Rutland Town living in private homes, group homes and community care homes. As their payee we help clients find places to live, help with their shopping and their daily needs. We act as guardians for many elderly and developmentally disabled people in nursing homes, group homes and the State Hospital. ARC provides recreation activities for the clients, including four dinner dances a year, the most popular being our Christmas party with Santa Claus, gifts and "Elvis".

The list of the many services and programs offered to our clients is lengthy, therefore, we are enclosing a summation which better describes what we are all about. We would like to add our deep appreciation for the support the people of Rutland Town have given us over the years. You play no small part in the success of our organization. Please do not hesitate to call the ARC office if further information is needed.

Sincerely,

Anne M. Shea, Executive Director

SOUTHWESTERN VERMONT COUNCIL ON AGING

REPORT TO THE CITIZENS OF RUTLAND TOWN

The Council on Aging projects that it will spend \$24,068 to provide services needed by elder residents in your community during our current fiscal year.

We provided the following services to elders in Rutland Town during the fiscal year ending September 30, 1992:

Senior Meals

Luncheon Site: Cheney Hill

Schedule: Tuesdays

1002 congregate meals were served to 48 elder residents of Rutland Town.

1587 meals were delivered to the home of 15 older residents who were homebound and unable to come to the mealsite. This service is sometimes called "Meals on Wheels".

Senior Advocate Assistance

23 older persons received help through this important program. Advocate staff worked to help elders resolve problems related to receipt of benefit programs or other assistance. Guidance was also provided to persons having questions or problems related to health insurance claims or medical service payments. Advocates also helped elders fill out various application forms and to file for Vermont tax rebate claims as well as fuel program assistance.

Other Services

The following list outlines some of the other services we made available to elders in your area either directly or through contract:

- **Long Term Care Ombudsman:**

This individual was available to provide assistance to residents of nursing and residential care homes in our region. She helped elders and, as appropriate, family members sort out information concerning financial assistance and other concerns related to long term care.

- **Information and Referral:**

Our agency maintained an up-to-date listing of programs and services available for elders. Older persons were able to obtain this information by either calling our I & R line or by visiting our office.

- **Legal Service Attorney for the Elderly:**

Funding was provided by the Council to help pay for the services of an attorney whose role was to focus on legal issues of concern to elders. The attorney worked out of the Vermont Legal Aid Office in Rutland.

BROC BENNINGTON-RUTLAND OPPORTUNITY COUNCIL, INC.

Dear Board of Selectmen:

Bennington Rutland Opportunity Council requests your support for the activities of our agency for 1993-1994. BROC serves the needy of Rutland by providing emergency food and fuel assistance, counseling, advocacy, weatherization services, monthly USDA commodity distribution and a variety of other programs designed to help people help themselves.

This year's request of \$975.00 is based on \$.50 per person according to newly available 1990 census data. BROC hopes that by basing requests on actual population figures, towns will more fairly share responsibility. Your ability to fund at any higher level would be appreciated as not all towns are able to fund our requests.

In our efforts to meet the requests of Rutland residents, BROC has expended \$21,398.00 for services in the Town of Rutland in the 1992-1993 fiscal year. Year after year, BROC tries, in this one short letter, to adequately explain the work of our agency, trusting that most towns fully understand and support the work we do. If you are not familiar with BROC, have any questions about how this money is used, or would like further information, we would be pleased to send a representative to meet with you at your request. Please feel free to contact me to make such arrangements.

We thank you for your past support and hope that the Town of Rutland will continue to allocate town funds for our programs.

Yours truly,

Larry Stevens,
Community Service Director

**MARBLE VALLEY REGIONAL TRANSIT DISTRICT, "THE BUS"
1991 - 92 Annual Report**

Lawrence A. Dreier, Administrator MVRTD

To the Honorable Board of Selectmen and Citizens of the Town of Rutland:

Marble Valley Regional Transit District (MVRTD), generally known as "The Bus" is entering into its 17th year of operation. MVRTD is the largest non-urban public transportation system in the state of Vermont and as such provides transportation to the general public in Rutland County, as well as to Social and Human Service Agencies, schools and area businesses. MVRTD increases self-sufficiency for the elderly and disabled and is vital for those who need transportation or are committed to the environmental benefits of public transit use. MVRTD has become a valued asset to the communities it serves. System ridership has increased noticeably over the years with many rides furnished to special needs people. Approximately 305,000 vehicle miles accumulated annually on the fleet of 23 general transit buses, most of which are lift equipped.

FY 92 was filled with accomplishment and growth for MVRTD with its successful completion of facility renovations. The Federal grant which allowed MVRTD to complete its facility expansion program, also made possible increased administrative capabilities, a completely modernized maintenance facility and the purchase of three buses. MVRTD has instituted a number of new activities including the Rutland County operation of Vermont Rideshare and ADA complementary paratransit. Financing these major projects has been accomplished through the generation of grants obtained from the State and Federal Governments. Through efficient management and a trained professional staff of 25 employees and over 60 volunteers, MVRTD continues to reduce costs to the taxpayer. MVRTD's free fixed route ride days, offered on the third day of each month, have been expanded to include all member towns.

During fiscal year 1992, MVRTD fostered its dedication to providing the most effective responsive service by working closely with consultants from Pacific Transit Management in examining and restructuring its fixed route system and services to ensure that the transportation needs of Rutland County residents are being met as fully and efficiently as possible.

Marble Valley Regional Transit District is actively working with area regional planners, developers, and legislative members to coordinate transportation needs in Rutland County as well as throughout the state. In efforts to further expand

coordination efforts state-wide MVRTD plays a key leadership role as Chairman of the Vermont Public Transportation Association. In that role MVRTD facilitated grants statewide in excess of 3.5 million dollars.

MVRTD's free transportation service to the Medicaid and Reach-Up eligible has increased from last year's 21,000 rides to over 25,000 rides this year, maintaining our status as the second largest Medicaid transportation provider in the state of Vermont.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly valuable. We appreciate the financial and moral support of the elected officials and taxpayers of our municipalities that guarantee Marble Valley Regional Transit District's continuance.

STEPHEN R. GAIKO MEMORIAL FOUNDATION

Dear Selectmen and Residents of Rutland Town,

Thank you for your generous support of the Steven R. Gaiko Memorial Foundation in 1992.

Your contribution helped make possible many prevention initiatives, including the Sixth Annual Red Ribbon Campaign. In addition, our director spoke to many organizations, attended numerous prevention meetings, participated in the regional teen Peer Group, and presented our prevention message at high school health fairs. The Gaiko Foundation published several prevention newsletters, granted funds to the Green Mountain Teen Institute and to Project Graduation, and sponsored a Salute to Teens Week.

We also made a transition to become a part of Rutland Community Programs, a move that cut our organization's costs for rent and other services while enabling us to more efficiently strive to fulfill our mission and benefit from fiscal and administrative guidance.

Thus, this year we have a new structure, a new name, and new director. As Prevention Works, we hope to expand our prevention work and reach more people through additional programs, including: a major Prevention Convention; a comprehensive resource guide; and a regular Prevention column in the newspapers. These are just some of the programs and activities on our 1993 Calendar. We will sponsor the 7th Annual Red Ribbon Campaign and provide ribbons to your school children and families. We will continue to make presentations, and if any school or group in your town would like to have a speaker on any topic related to prevention, we will be happy to oblige.

In a 1990 United Way Survey in Vermont, alcohol and drug abuse were identified as among the top three concerns in Rutland County. It is appropriations like yours that make it possible for us to continue to address this very real need for awareness and education.

We hope that you will place our request on the Rutland Town ballot for a 1993 contribution. If you could level fund this program, we will be most grateful for your assistance in reducing substance abuse.

If you have any questions about our program, please call Prevention Works at 747-4545 or at 492-3576.

Sincerely yours,

Karen D. Lorentz, Director

Dear Selectmen:

The Rutland County Women's Network and Shelter is requesting the sum of \$600.00 for assistance with the operation of our 24-hour crisis line.

We are very grateful for the help that people of Rutland have given us in the past.

Sincerely,

Bonnie Gainor, Acting Director

RUTLAND COUNTY WOMEN'S NETWORK AND SHELTER
ANNUAL REPORT

In 1992 we saw over 2,100 men, women, and children with 26 people coming from the town of Rutland. The services we offer include shelter for the homeless as well as for victims of domestic violence and/or sexual assault, crisis response on the phone, at the hospital, police station or at the shelter, assistance in dealing with the Vermont Court System, hospital procedures and lawyer referral. We also provide single parent support, individual and group counseling, alcohol and drug referral, child care, groups for children, and help obtaining clothing, furniture and food. We also work with the office of Adult Basic Education because there is a real need to provide job skills to victims that come to the shelter. In 1992 we have continued our comprehensive outreach program that supports families who have lived at the shelter and are now living in their own homes in safety.

1992 has been a very busy and successful year for us. We thank you for your continued support to help keep families safe from domestic violence.

RUTLAND INDUSTRIAL DEVELOPMENT CORPORATION

To the Citizens of the Town of Rutland Town:

In rural states like Vermont, economic development begins with regional development, with the recognition that a layoff in Rutland is felt at the gas station in Brandon, the corner store in Danby, by the landlord or banker in Fair Haven. Likewise, the buying and spending power of jobs at Dowty, Killington, GE, or Skyline is felt in communities throughout Rutland County. These regional connections are real, and significant, and acknowledging them is the first, most important step in the economic development of each of the communities in the region.

RIDC's role in regional economic development includes working with existing businesses, primarily manufacturers, to identify their concerns and assist with their operation and expansion. We also assist new companies interested in starting up in Rutland County with business development, financing and permit assistance. We keep a list of sites and buildings throughout the county that are available for sale or lease to businesses interested in locating here.

RIDC is a private, non-profit economic development organization that is staffed by one full time executive director and two part-time assistants. The work of the organization is done by our staff and over 100 volunteer members. We recently relocated to 256 North Main Street in Rutland to enable us to share office space with the Small Business Development Center.

We rely upon the financial support of the municipalities in Rutland County to allow us to continue to offer our support, in turn, to the many businesses that provide jobs for our residents and contribute taxes to state and local governments. It has been a pleasure to work with your town over the past year. We thank you for your past support and hope we can count on you in the future.

Sincerely,

Kristin Martinez
Executive Director
